TAPE - 402

(dialing sounds) (ringing 1X)

CLINIC: Planned Parenthood. Please hold.

CALLER: Okay.

CLINIC: Thanks for holding. How can I help you?

CALLER: Yeah. I was wondering if you guys do abortions there?

CLINIC: No, we don't do it here, but I could give you some people that could.

CALLER: Okay.

CLINIC: Okay, just a sec. Are you calling from Wichita?

CALLER: I'm in Augusta.

CLINIC: You're in Augusta. Okay. Let me give you Dr. Tiller's number.

CALLER: Okay.

CLINIC: It is -- is Wichita long distance from you?

CALLER: No.

CLINIC: Okay. It is 684-5108.

CALLER: Okay. Well, do you know, like -- I'm just worried because my friend told me that since like -- well, I'll be 14 in March and she said that they would have to tell my parents I was getting an abortion. But my boyfriend's 22. Could he just handle that and they wouldn't have to tell anybody?

CLINIC: I wouldn't know that. You might call their office and ask them, okay?

CALLER: All right.

CLINIC: Okay.

CALLER: Well, could I come in there for a pregnancy test though?

CLINIC: Yeah, you sure could.

CALLER: Okay. It's just I'm -- the reason why I'm worried about all this is because like my last period was December 14, and I'm just scared.

CLINIC: Oh, well, I can understand that. Um, when would you want to come in?

CALLER: Well, I'm not sure really. I'd have to call my boyfriend to see when he could get off work. What time do you --

CLINIC: We stop seeing patients at 4:00 today.

CALLER: Oh, okay. Well, is it all right if he's there with me?

CLINIC: It sure is.

CALLER: That would be the only way I could get there.

CLINIC: Yeah, it sure is. And we're open tomorrow from 8:30 to 12:30 if you want to come in tomorrow morning.

CALLER: Okay. Well, we were talking about it and we were not wanting -- we decided that we didn't want anyone to know about all this, so would you guys have to tell anybody about us, or --

CLINIC: No. No. We're completely confidential. We don't even share information with other Planned Parenthood clinics without a signed consent.

CALLER: Oh, okay. Well, if the pregnancy test came out that I wasn't pregnant do you guys have birth control there?

CLINIC: Yeah. We can give you that without your parents' knowing too.

CALLER: Oh, okay. Okay. Well, would it be all right if like since my boyfriend, since I can't drive, could my boyfriend pick up like the birth control pills, or --

CLINIC: At that time -- you'll have to see the nurse. What we'll do is, we'll set you up an appointment for birth control. And we'll do a pap smear which is a screening for cancer, and she'll explain all of that to you and how it's done. And then she'll set you up on what kind of birth control you want, and then if it's more convenient for him to pick them up for you, yeah, we can put that in the computer and he'll be able to pick them up. You'll just order that, and he can pick them up.

CALLER: Okay. So if I had any other questions, could I call and talk to you? What was your name?

CLINIC: My name's Holly.

CALLER: Oh, okay.

CLINIC: Okay?

CALLER: Thanks.

CLINIC: Uh-huh. Bye bye.

CALLER: Bye.
