Hi Chief!

If this is the clinic proposed behind Dion's, I don't believe the BR has been issued yet. Do you know the address for this specific clinic?

Maria, can you let the Chief know if a BR has been issued? Thanks!

David

David,

Has this clinic applied and received their business license?

I have researched this property and we no longer have a file for this address therefore we are unable to provide you with a copy of the Certificate of Occupancy. The zoning for this property is O-2 and as explained prior the City of Las Cruces does not have anything to do with Environmental Reports. The only permits that were located are: Electrical permit that was withdrawn by the contractor so no inspections were performed and a mechanical permit that was permitted in 2004. Sorry for the inconvenience if you have any questions or need further assistance please feel free to call any of our permitting staff or myself.
