

**40 DAYS FOR LIFE**  
*Wichita, 2007*

Operation Rescue and the Kansas Coalition For Life are sponsoring the nationwide pro-life prayer campaign called 40 Days For Life in Wichita, KS outside the nation's largest late-term abortion clinic.

**This vigil will be held at Women's Health Care Services located at 5107 E. Kellogg in Wichita, Kansas.**

This abortion clinic is owned and operated by the notorious abortionist **George R. Tiller**, who is currently facing 19 criminal counts of illegal abortions, a county grand jury investigation that could net additional charges, and a disciplinary review by the Kansas State Board of Healing Arts.

**This vigil will begin on Wednesday, September 26 and run through Sunday, November 4.**

We are planning to cover the clinic with continuous prayer every hour the clinic is open, **between the hours of 7 AM and 5:30 PM Monday through Friday.**

**We will have a special ending prayer service on Sunday, November 4, at 2 PM outside Women's Health Care Services.**

Those participating will be asked to log their prayer time on the 40 Days For Life clipboard that will be available on site each day.

*"We believe strongly in the power of prayer. In Aurora, Illinois, on the last day of their 40 Days For Life Vigil, a judge ruled that the Planned Parenthood office in that community must remain closed. It was an amazing answer to prayer. As we pray for the next 40 days that Tiller's clinic will also close and that he will be brought to justice on the crimes of which he has been charged, we look forward with great excitement to seeing what God will do in Wichita." - Troy Newman, President, Operation Rescue*
