In Re: Planned Parenthood Complaint

Dear Ms. Sullenger:

Your complaint dated August 18, 2010, was received at my office on August 23, 2010. I am credibly advised that the Iowa Board of Medicine has also received a complaint regarding these issues. It is my understanding that an investigation is underway.

If, during the course of their investigation, the Iowa Board of Medicine becomes aware of evidence of a violation of law, that entity is required to report said evidence to the proper law enforcement agency. If the entity learns that a crime has been committed, it is required to notify the law enforcement agency within that jurisdiction.

I am confident that the Iowa Board of Medicine will make appropriate contact with my office if it is determined that a violation occurred in Union County.

Yours very truly,

Timothy R. Kenyon
Union County Attorney
