Factoids:

Brian Finkel, was sentenced to more than 34 years in prison for sexually abusing patients over a span of nearly two decades.

Finkel was also ordered to register as a sex offender and placed on lifetime probation should he serve out his 35 year prison sentence.

A jury convicted the 54-year-old physician on 22 counts of sex abuse. Seventy other women also came forward with similar allegations, but were not used in the prosecution.

It does not get much worse or more disgusting than what Finkel did to his patients. He was a sex pervert who used women as objects for his own pleasures without regard for them as people.
