Cheryl D. Sullenger
PO Box 781045
Wichita, KS 67278

Re: 03-2010-0154

Dear Ms. Sullenger:

The Iowa Board of Medicine (Board) received your complaint pertaining to Susan C. Haskell, D.O. and the Board opened an investigative file. After a thorough investigation and careful review of the investigative materials obtained in this matter, the Board voted to close the file without taking disciplinary action against Dr. Haskell. Although this may not be the outcome you were seeking, you can be assured that your complaint was investigated and the Board reached its decision after full review of the investigative record.

Under Iowa law, your complaint and all the investigative information are confidential and cannot be shared with the public. However, your complaint will remain a permanent part of the physician's board file. In addition, information about your complaint and this investigation will be provided if requested by another state's licensing board.

The Board's primary responsibility is to protect the public by ensuring that physicians provide appropriate medical care to patients. The Board takes seriously all complaints it receives. The Board's investigation of this complaint should not be confused with the Board's continued review and updating of the laws and rules governing the practice of medicine.

If you have any questions or concerns regarding this letter, please contact me.

Sincerely,

Mark Bowden
Executive Director
Iowa Board of Medicine
