10 medicine as of the date of the execution this Stipulated Surrender of License and Order.

20 filed against respondent before the Division. A true and correct copy of Amended Accusation  
21 No. 10-2002-139925 is attached hereto as Attachment "A" and incorporated by reference as if  
22 fully set forth herein. On January 31, 2005, respondent was served with a true and correct copy  
23 of Amended Accusation No. 10-2002-139925, together with a true and correct copy of the  
24 Supplemental Statement to Respondent, at his address of record then on file with the Board:  
25 3367 Fourth Avenue, San Diego, CA 92103.

#### 26 ADVISEMENT AND WAIVERS

#### 16 CULPABILITY

17 9. Respondent does not contest that, at an administrative hearing,  
18 complainant could establish a *prima facie* case with respect to the charges and allegations  
19 contained in Amended Accusation No. 10-2002-139925 and that he has thereby subjected his  
20 license to disciplinary action. Respondent agrees that if he ever petitions for reinstatement of

27 No. C 11539 to the Division for its formal acceptance. Respondent understands that by signing  
28 this Stipulated Surrender of License and Order he is enabling the Division to issue an order

2 notice or opportunity to be heard.

3 CONTINGENCY

4 11. This Stipulated Surrender of License and Order shall be subject to the  
5 approval of the Division. The parties agree that this Stipulated Surrender of License and Order  
6 shall be submitted to the Division for its consideration in the above-entitled matter and, further,  
7 that the Division shall have a reasonable period of time in which to consider and act on this  
8 stipulation after receiving it. By signing this stipulation, respondent fully understands and agrees  
9 that he may not withdraw his agreement or seek to rescind this stipulation prior to the time the  
10 Division considers and acts upon it.

11 12. The parties agree that this Stipulated Surrender of License and Order shall  
12 be null and void and not binding upon the parties unless approved and adopted by the Division,  
13 except for this paragraph, which shall remain in full force and effect. Respondent fully  
14 understands and agrees that in deciding whether or not to approve and adopt this Stipulated  
15 Surrender of License and Order, the Division may receive oral and written communications from  
16 its staff and/or the Attorney General's office. Communications pursuant to this paragraph shall  
17 not disqualify the Division, any member thereof, and/or any other person from future  
18 participation in this or any other matter affecting or involving respondent. In the event that the  
19 Division, in its discretion, does not approve and adopt this Stipulated Surrender of License and  
20 Order, with the exception of this paragraph, it shall not become effective, shall be of no  
21 evidentiary value whatsoever, and shall not be relied upon or introduced in any disciplinary  
22 action by either party hereto. Respondent further agrees that should the Division reject this

24 Division, or any member thereof, was prejudiced by its/his/her review, discussion and/or  
25 consideration of this Stipulated Surrender of License and Order or of any matter or matters  
26 related hereto.

1  
2 3. This Accusation is brought before the Division of Medical Quality  
3 (Division) for the Medical Board of California, Department of Consumer Affairs, under the  
4 authority of the following laws. All section references are to the Business and Professions Code

22 "(1) An initial negligent diagnosis followed by an act or omission medically  
23 appropriate for that negligent diagnosis of the patient shall constitute a single negligent  
24 act.

25 "(2) When the standard of care requires a change in the diagnosis, act, or  
26 omission that constitutes the negligent act described in paragraph (1), including, but not  
27 limited to, a reevaluation of the diagnosis or a change in treatment, and the licensee's  
28 conduct departs from the applicable standard of care, each departure constitutes a separate

1 and distinct breach of the standard of care.

2 "(d) Incompetence.

3 "(e) The commission of any act involving dishonesty or corruption which is  
4 substantially related to the qualifications, functions, or duties of a physician and surgeon.

23 omission that constitutes the negligent act described in paragraph (1), including, but not  
24 limited to, a reevaluation of the diagnosis or a change in treatment, and the licensee's  
25 conduct departs from the applicable standard of care, each departure constitutes a separate  
26 and distinct breach of the standard of care.

27 "(d) Incompetence.

28 "(e) The commission of any act involving dishonesty or corruption which is

1 substantially related to the qualifications, functions, or duties of a physician and surgeon.

2 "(f) Any action or conduct which would have warranted the denial of a

4 7. Section 2241 of the Code states:

5 "Unless otherwise provided by this section, the prescribing, selling, furnishing,  
6 giving away, or administering or offering to prescribe, sell, furnish, give away, or

27 the absence of the patient's physician and surgeon or podiatrist, as the case may be, and if  
28 the drugs were prescribed, dispensed, or furnished only as necessary to maintain the

1 patient until the return of his or her practitioner, but in any case no longer than 72 hours.

2 "(2) The licensee transmitted the order for the drugs to a registered nurse or to a

7 "(B) The practitioner was designated as the practitioner to serve in the absence of  
8 the patient's physician and surgeon or podiatrist, as the case may be.

9 "(3) The licensee was a designated practitioner serving in the absence of the  
10 patient's physician and surgeon or podiatrist, as the case may be, and was in possession of

13 or for more than one refilling.

14 "(4) The licensee was acting in accordance with Section 120582 of the Health and  
15 Safety Code."

16 9. Section 2266 of the Code states: "The failure of a physician and surgeon to  
17 maintain adequate and accurate records relating to the provision of services to their patients  
18 constitutes unprofessional conduct."

19 10. Section 725 of the Code states:

20 "Repeated acts of clearly excessive prescribing or administering of drugs or  
21 treatment, repeated acts of clearly excessive use of diagnostic procedures, or repeated acts

24 dentist, podiatrist, psychologist, physical therapist, chiropractor, or optometrist.  
25 However, pursuant to Section 2241.5, no physician and surgeon in compliance with the  
26 California Intractable Pain Treatment Act shall be subject to disciplinary action for  
27 lawfully prescribing or administering controlled substances in the course of treatment of a  
28 person for intractable pain."

1 determined the gestation of the fetus to be about 20 weeks. Despite performing a second  
 2 trimester abortion, respondent gave A.P. little or no analgesia or anesthesia for pain

3 B. The procedure took about five minutes after which respondent told the  
 4 patient she would bleed a little which was normal. The patient was taken to the recovery  
 5 room, which consisted of several futon like beds, only a foot or so off the floor. She  
 6 stayed in the recovery room for about thirty minutes, during which time she began to  
 7 bleed heavier, began to get the chills, and began feeling dizzy. Respondent had already  
 8 left the facility, leaving only two medical assistants to watch the patient. There were no  
 9 other licensed medical personnel on the premises, nor was there any emergency  
 10 equipment like a crash cart. There was no oxygen in the recovery room, nor was there  
 11 any I.V.s

12 C. At approximately 5:45 p.m. the medical assistant watching A.P. called  
 13 respondent on the telephone to tell him about the patient's condition. Respondent was en  
 14 route to his home in Chula Vista. He told the medical assistant to call 911 if the patient's  
 15 condition did not improve. When A. P.'s bleeding did not stop, the medical assistant  
 16 called the fire department. Paramedics arrived in about ten minutes.

17 D. When the paramedics arrived they found only two medical assistants in the  
 18 clinic with A.P., who was bleeding from the vaginal area onto the mattress of her bed.  
 19 A.P.'s blood pressure was 80/40, her pulse was 160 and she looked pale and weak. She  
 20 had no I.V. hooked up, nor had she received any oxygen. When A. P. was lifted to a  
 21 gurney, there was a large pool of blood on the bed. A.P. was taken to St. Joseph's  
 22 hospital.

23 Patient C.M.

24 E. Respondent treated C.M. between August 2000 and August 2002. During  
 25 that time, there were approximately 9 actual office visits, with the patient complaining of  
 26 weight management, leg and hip pain. Respondent made objective findings of phlebitis,  
 27 muscle tear, ligament injury, severe anxiety, failure and depression. Respondent treated  
 28 the patient with drugs, lots of drugs.

1 F. Of the approximately nine visits C.M. made to respondent's office in that  
2 two year period, respondent noted her weight on five occasions, but made reference to a  
3 weight problem only on the visit of June 11, 2001. On only three of the visits did  
4 respondent record C.M.'s blood pressure. On only three of the visits respondent noted the  
5 patient's anxiety.

6 G. Between January 17, 2001 and January 30, 2003, respondent wrote more  
7 than 100 prescriptions for C.M. to four different pharmacies. Respondent advised C.M.  
8 to fill the prescriptions at different pharmacies and to tell them she was going on  
9 vacation, to avoid detection as to the amount of medication she was receiving. The  
10 majority of the prescriptions were for the short term weight loss medication, Phentermine,  
11 and the anti-anxiety medication Alprazolam (Xanax). There were also prescriptions for  
12 Vicodin.

13 H. Between January and September 2002, respondent prescribed C.M. 1031  
14 Alprazolam tablets, far in excess of the prescribed dosage of 1-2 tablets per day. Between  
15 January and November 2001 respondent prescribed C.M. 480 Phentermine tablets, again  
16 in excess of the prescribed dosage.

17 14. Respondent committed gross negligence, repeated acts of negligence  
18 and/or incompetent in the care, treatment, and management of patient A.P. by reason of, but not  
19 limited to, the following:

20 A. Respondent failed to give the patient intravenous fluids despite her anemia  
21 and multiparity

22 B. Respondent failed to give the patient adequate analgesia or anesthesia  
23 despite performing a second trimester procedure.

24 C. Respondent failed to adequately monitor the patient's vital signs during  
25 and after the procedure.

26 D. Respondent failed to establish an I.V. to the patient.

27 E. Respondent failed to give the patient oxygen.

28 ///

1 F. Respondent left the patient in the hands of unlicensed medical personnel  
2 prior to establishing the patient was free of complications.

3 G. Respondent placed the patient in an unacceptable recovery room.

4 15. Respondent committed gross negligence, repeated acts of negligence  
5 and/or incompetent during his care, treatment, and management of patient C.M. by reason of, but  
6 not limited to, the following:

7 A. Respondent failed to perform a history and physical which included an  
8 assessment of symptoms and psychological function and substance abuse history.
